Fall Offerings

PRICE CUTS—On account of replanting of fields.

To those desiring to plant their Rock-plants, Perennials or Holland bulbs this Fall, thereby gaining the necessary growth before next Spring, or of selecting their Dahlias for Spring delivery, we invite you to call and see our display of choice varieties of Rock-plants in a setting of rocks, and Perennials in beds and in the fields, at prices ranging from the 25c. and 35c. sizes and up, according to varieties or sizes of clumps and plants. Sample varieties may also be seen at our booths at the various Flower Shows and Fairs this Fall and orders placed there, if preferred. We have just made arrangements with several Women's Welfare and Civic Clubs to represent us at these booths on certain days and the profits on those days, in the form of a large commission is to go to the respective Clubs to help further their activities. We suggest that you place your order with your favorite Club, or if not convenient, would be pleased to see you in our Gardens, where acres of flowers are in bloom at one time.

We have Peonies and Irises of all kinds, some of the very newest varieties, which can also be planted this Fall.

Fresh shipment of Tulips direct from Holland in October.

NOTICE—Through traffic is now established via Germantown Pike from Germantown and Chestnut Hill to Echo Dale, also new concrete State Highway, Route 422 U. S., now open via Norristown. Follow Chestnut Hill trolley line from Norristown if coming from that direction; location two miles below Norristown, near Plymouth Country Club.
